COLOURS & MASCOT!

We are beginning the process of determining **school colours** and a **mascot** for Boreal French Immersion Public School! Look for information coming from the school in the next week. Parents and students from both Rosedale and FH Clergue, and those who will be attending either of the schools next year, will have the chance to tell us what you think the school colours should be and what the mascot could be! We can't wait to get your feedback on this important school identity piece!

WONDERING ABOUT TRANSPORTATION?

Though we don't have specific information to share just yet, we are working closely with our Transportation Department to determine your child's bus and/or bus route to Boreal FI Public School. We will provide updates as soon as we can.

COMING SOON

In May and June of this year, parents and students can look forward to fun activities that are being planned to support a smooth transition for your child to Boreal French Immersion Public School.

Look forward to new visuals of the school coming soon!

DID YOU KNOW?

Boreal means "of the north" and so boreal forest means a forest of the north. It is made up of coniferous trees – mostly pine, spruce and larch – and stretches across the country from the Yukon and northern British Columbia in the west to Newfoundland and Labrador in the east, making up 55 per cent of Canada's land mass!
