

"By being part of the 7/8 program I've become more familiar with the people and the high school surroundings. I'm looking forward to high school. In fact, I'll have a Grade 9 credit to start with!"

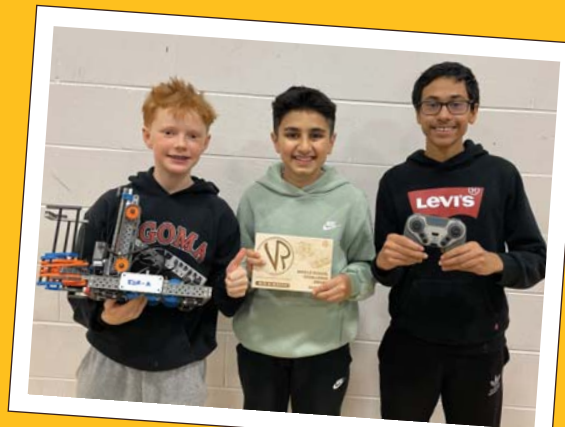

Grade 8 Student

"This dynamic program offers various advancements for the students. These include a full rotary schedule, high school style X-Block classes, student council, reach ahead experiences, and access to high school facilities. As a teacher, I feel that these opportunities prepare students for their future secondary and post-secondary education. A 7-12 program provides an innovative, exciting educational experience."

Teacher, 7-12 Program

"Korah is a vibrant school community where every student can discover their strengths and pursue their passions. At Korah, we truly offer something for everyone. Whether their interests lie in robotics, the arts, musical theatre, or athletics, grade 7/8 students have opportunities to explore, grow, and excel as individuals and as members of this amazing Korah community!"

WHY ENROL IN GRADE 7 AND 8 AT KORAH COLLEGIATE?

Korah strives to provide the best possible educational environment, one which enables the individual to realize intellectual and personal potential within an atmosphere of cooperation and respect.

The Korah 7 and 8 Program

Our 7-12 Program provides students with a **gradual transition** into secondary school. Students experience a **rotary timetable**, which makes the transition to a secondary school routine easier.

Grade 7 and 8 students find themselves in an environment that includes specialized rooms, lockers, a cafeteria, athletics, extra-curricular clubs and the most up to date technology.

Depending on timetable availability, Grade 8 students (in consultation with parents) can **reach ahead** and take a Grade 9 class. They receive credit for the course giving them a head start in high school.

Another bonus... Grade 9 students often **reach back** to access their Grade 7 and 8 teachers for academic advice, counseling and support in their Grade 9 and 10 years.

X-Block: Once a week the students are taught by a high school teacher to get an introduction to:

- Traditional Trades and Technology
- Personal Fitness and Nutrition
- Science and Technology
- The Arts

Leadership Opportunities

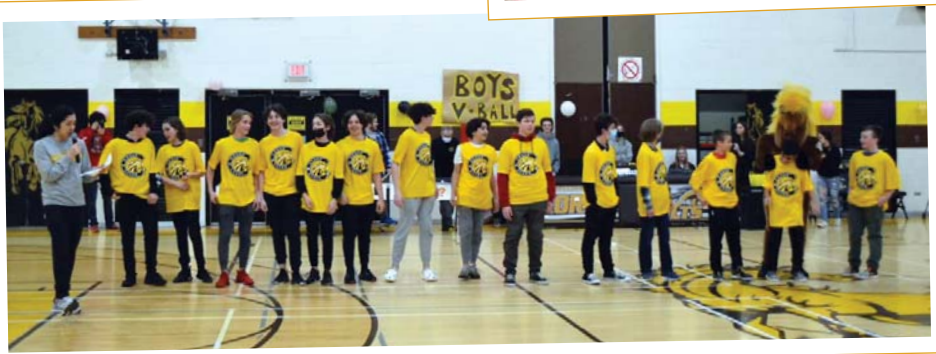

Korah Collegiate is dedicated to developing leadership opportunities for our intermediate students through **Musical Theatre, Arts, Athletics, Clubs, Robotics** and our **Colt's Council**. Students continue to develop their skills through a variety of different **mentorship & teambuilding** opportunities throughout their time at Korah.

Programming, Technology and Facility Highlights!

The Grade 7 and 8 curriculum remains the same in our 7/8 Program. However, the curriculum can be taught differently because of the access to **specialized facilities** and **subject-specific** teachers who are able to teach in their areas of expertise.

Continuing for SEPTEMBER 2026!

- Hands-on learning opportunities and skills taught by high school teachers in X-Block
- Access to our innovative ADSB Hockey Canada Skills Academy

Hands-on Learning Opportunities

Korah Collegiate is home to:
